OCTOBER 28, 2022

TO OUR CITIZENS:

Barrow County Emergency Services is advancing and streamlining its ways to provide a more efficient and faster service to our community. The Fire Marshalls Office has developed a new website to serve the community, when requesting different services offered by our office. The new website can still be accessed by going to the standard county website OR you can access us directly at www.barrowgafiremarshal.org when you have accessed our page you will see many different options for service. You may choose **Applications** if you're wishing to have a fire and life safety code inspection to obtain your business license, or select from then many other services we provide to our community. However **ALL** request for service from the fire marshal's office must be submitted via the website. Once you have filled the document out completely and clicked "Submit" the document will be sent directly to our office and we will be in touch with you soon.

Sincerely

Barrow County Fire Marshal's Division
